

Recruitment of participants for a Co-Creation project

photo voice(photo storytelling) with Korean college students and foreign students living in Incheon

**Improve your global skills,
participate in a photo exhibition,
and take on new challenges!**

01 Project Introduction

“What is the Co-Creation Project?”

A collaborative initiative where individuals from diverse ethnic/national backgrounds share their personal experiences through photography, fostering mutual understanding and sharing messages of empathy and coexistence in a multicultural society through photo exhibitions

- Photovoice: Expressing personal experiences and emotions through photography, creating a platform for storytelling and dialogue
- Photo Exhibitions: Two exhibitions in Incheon and Seoul showcasing photos that reflect our collective stories and experiences

02 Participant Criteria and Number of Recruiting Participants

- Eligibility: University students residing in the Incheon area who are interested in working in international settings in the future, or those eager to collaborate on projects with people with various ethnic/national backgrounds in Korea
- Number of recruiting participants: 12 Korean university students and 12 international students
